

ÉMILIA DUVAL

Émilie is a CEGEP 1 student at Collège Stanislas de Montréal. She is very involved in her school, notably on the Stan Communautaire committee and tutoring younger students. She is passionate about figure skating and piano, which she has practiced since the age of 6.

Émilie took part in the 2022-2023 competition edition, working with her team on the theme: "How can innovation and technological change improve access to health care for Aboriginal women and girls in Canada? Her team tied for second prize and received the Jury's Mention for the quality of the written language in French for their project.
